

## INCLEMENT WEATHER INSTRUCTIONS

The following information pertains to morning WEATHER situations only. (Not school calendars).

If you have any questions please ask your child's driver or call the Tristar Transportation office at **614-430-1688**.

Inclement weather may include fog, snow, freezing rain, icy roads, cold and wind chills.

**Step # 1** As a parent, you need to know the:

- Counties
- Schools
- Districts your child lives in and attends (if different)

**Step # 2** Check for Snow Emergency Levels

- If a LEVEL 2 snow emergency exists:  
The schools in that county should be closed.  
For parents of Work Students call our office to discuss.
- IF a LEVEL 3 snow emergency exists:  
All transportation in that county is cancelled (no car should be on the road).

**Step # 3** Follow the news for delays and closings

When your child lives in one district (home district) but attends a school located in another district Tristar Transportation divides their home school district into 2 types:

- "No Go"
- "Go"

**"No Go"** districts:

- Do not allow students to be taken out of the district if they are closed.  
For example, if you live in Delaware but your child attends school in Columbus, if Delaware schools are closed, your child will NOT be transported even though Columbus is open.
- Do not allow students to be taken out of the district at their regular scheduled time if they, the home district, are on a delay.  
For example, if you live in Delaware but your child attends school in Columbus, if either school is on a delay, your child WILL be transported but at a later time. If the delays are two different lengths, you follow the longer one. So if your child's regular scheduled pick up time is 8:00am and the longer delay is 2 hours your child will be picked up at 10:00am. Note: this may cause your child to be "late" for their attending school.

Below is a list of the **No Go** districts:

BEXLEY  
CIRCLEVILLE  
CANAL WINCHESTER  
DELAWARE  
GROVEPORT COMMUNITY SCHOOL  
GROVEPORT MADISON

**Go** districts:

- Allow students to be taken out of the district if they are closed.  
That means if your child attends a school in another district they MAY be transported (depending on the severity or emergency level in the home district) as long as their attending schools are open.
- Allow students to be taken out of the district at their regular scheduled time if they, the home district, are on a delay. The delay of the attending district will be followed.

### Additional Situations:

AM Kindergarten & Pre-School: Usually, if the school is on a 1-hour delay, so are the am kindergarten and pre-school classes. Usually, if the school is on a 2-hour delay, the am kindergarten and pre-school classes are closed for the day.

PM Kindergarten & Pre-School: Usually the pm kindergarten & pre-schools are not affected by time delays. However, if by late morning, schools are anticipating incoming weather, they may cancel pm kindergarten & pre-school classes. Please check with the individual school.

“ESC” Classes: These are classrooms rented by the FCBMR/DD for the school year and will usually follow the same instructions as the school building they are located in.

Split-Day Schedules: Some students attend 2 different schools every day. This may mean that 2 different district policies apply. Call our office if you any questions on how to handle these conflicts.
